Tokenized Assets: Ready to Skyrocket

Tokenized Asset Value Forecasts

According to Roland Berger, the value of tokenized assets is projected to reach 16.1 trillion USD by 2030.

Misyon Introduces: Plug-and-Play Tokenization and Custody Solutions

By leveraging our strategic location, we are connecting Türkiye to key markets across the region.

TAURUS

Expert Collaboration:

Combines expertise from Türkiye's top university, market leader Swiss custody technology provider and leading blockchain technology provider, powered by MisyonTech.

Regional Reach:

Infrastructure supports neighboring countries, offering broad regional coverage.

Established Investment:

Our system is fully built and operational, while replicating it would be costly and time-intensive for others.

Fast Implementation and Advanced Technology:

Ready-to-go solutions with micro service and API architecture. New entrants needing a year to build a similar system.
